## DIRECTORATE OF INFORMATION AND COMMUNICATION

### MEDIA ADVISORY

#### INVITATION TO MEDIA REPRESENTATIVES

**WHAT:** North Africa Youth Consultation on Project 2016 - African Year of Human Rights with a particular focus on the rights of women, under the theme **Promoting Young People's Rights towards the Attainment of Agenda 2063.**

**WHEN:** 29-30 September, 2016

**WHERE:** Ramada Plaza Hotel, Tunis, Tunisia

**WHO:** The AU African Governance Architecture (AGA) in collaboration with National Democratic Institute (NDI)

**WHY:** The North Africa Youth Consultation is the penultimate of four regional youth consultations, with three Consultations already having been hosted over the past four weeks. This Consultation follows the West, Southern and East and Central Africa Youth Consultations held in Accra, Ghana (23-24 Aug), Windhoek, Namibia (8-9 Sep) and Kampala, Uganda (23-24 Sep) respectively. The Consultations bring together over 200 youth from across the continent and provide a platform for aggregating their concerns, insights and perspectives, building capacity as well as showcasing youth initiatives that advance human rights in Africa. The Consultations also serve as an opportunity for youth to provide input into the African Union 10 Year Human Rights Strategy. The Strategy will be a guiding framework for collective action by the AU, Regional Economic Communities (RECs) and Member States with the aim to strengthen the African human rights system through addressing its current challenges.

#### Objectives

The objectives of the consultations are to:

- **Assess the state of play** in the promotion and protection of economic, social and cultural as well as political and civil rights that accrue to young people;
- Provide a platform for **sharing of experiences and insights** towards advancing the enjoyment, respect and protection of young people's rights;
- **Strengthen the capacity** of youth-led and oriented organisations on the African human rights system;
- **Aggregate youth inputs** into the proposed 10 Year Human Rights Strategy for Africa as well as other mechanisms such as the AGA Human Rights and Transitional Justice Cluster programmes; and

- Establish regional learning platforms and networks as an ongoing knowledge sharing and peer mentoring platform for promoting human rights in Africa.

**Expected Outcomes:**

- Young people’s knowledge, awareness and appreciation of the African Union human rights system enhanced;
- Youth’s contributions to the strategic components of the AU’s 10 Year Human Rights Strategy generated and incorporated through action plans from the regional youth consultations; and
- Regional youth knowledge sharing and exchange networks created for ongoing strengthening of youth-led and oriented human rights organisations.

**Background:**

The African Union’s African Governance Architecture (AGA) - Youth Engagement Strategy focused on elevating African youth voices on issues that highly affect their present as well as their future. As this year commemorates the “African Year of Human Rights with particular focus on the Rights of Women” it is important to give these issues high ground as they are the centre piece for the respect and protection of fundamental human rights in the continent.

**Journalists are invited to cover the Event.**

**Note to Editor**

The African Governance Architecture (AGA) is a mechanism for dialogue between stakeholders that are mandated to promote and strengthen democratic governance in Africa as a way to deepen coherence, synergy and coordination. The AGA is the overall political and institutional framework for the promotion, protection and sustenance of democracy, governance, human rights and humanitarian assistance on the continent. The principle objective of AGA is implementation of AU Shared Values and in particular the African Charter on Democracy, Elections and Governance (ACDEG). Established in 2011 AGA is based in Addis Ababa, Ethiopia in the AU Headquarters with the AGA Platform Members based Africa wide.
